

HIMJA BEHL WEBSITE — CONTENT COLLECTION CHECKLIST

Welcome to the final content collection phase! The website structure, design, and animations are fully complete. Currently, the site uses placeholder "dummy" text and images to demonstrate the layout.

Please use this checklist to provide the final text and high-resolution images so we can swap them in and launch!

1. Hero Section (First thing users see)

Role: Sets the immediate premium tone of the brand.

- **Current Dummy Headline:** "Curating The Edit. One Celebration At A Time."
 - **Need:** Your preferred main headline.
- **Current Hero Image:** hero-illustration.jpg (A cutout of a couple/bride).
 - **Need:** 1 High-resolution, striking image (preferably a cutout style or a very clean editorial shot) that represents the peak of your styling work.

2. The Story (About Himja)

 - **Need:** A personal quote from you summarizing your approach.

- **Current Dummy Body Text:** 4 paragraphs explaining how you look at the celebration as a whole, rather than just dressing people for an occasion.
